Sports Parade

By HENRY McLEMORE

NEW YORK, (U.P.)—Plans to stock the Yankee Stadium with trout and open it to public fishing were being discussed today as the world champion's opener with the Red Sox continued to be rained out.

With the infield and outfield so deep under water that high and low tide bulletins are now being issued, and with pelicans nesting in the bleachers, there is no telling when the first game will be played. The report is that Yankee officials, disturbed by the loss of revenue due to the postponements, have called in a fish and game authority for an estimate. The plan, as I got it from a very questionable source, is to operate the park on the lines of a fishing camp until the weather gets decent. Manager Joe McCarthy will serve as warden, and the players as guides.

Instead of peanuts, hot dogs, and soft drinks the concessions department will handle hip boots, canoes, dry flies, rods and reels, and the like.

The plan is a sensible one. Certainly something has to be done to offset the stupidity of the major league officials in opening the baseball season so early in the year. April is no time for baseball in the east and middle west. You might just as well select July for a skiing carnival or January 1 for the celebration of Washington's Birthday.

Of the 19 major league games booked for the first three days of the season, only five were played. And they were played in weather that Walt Disney wouldn't have sent Donald Duck out in. Pneumoniaish sort of weather, with wind and rain and sleet in abundance. If Abner Doubleday had wanted his game to be played in this sort of business he would have designed the original uniform in oilcloth; put ten men on a team, the tenth to be a prominent ear-eye-nose-and-throat specialist; and arranged for an intermission between the seventh and eighth innings in which the customers could make their wills.

There is little chance that the major league schedule will be changed and a later date set for the opening games. To baseball officials progress is just another word in the dictionary, and they can change their minds with much less rapidity than a leopard can his spots. As a result, the same schedules will be in effect next year, and all the years after that, so at least one owner I know has made plans to change his opening day ceremony next year. Instead of the usual procedure, with some politician throwing out the first ball, and the march to the flagpole, he has lined up the following program:

1. T. O. M. Sopwith or Skipper Mike Vanderbilt will throw out the first linebuoy.

2. Players of both teams will then stage a water polo game in front of the home plate and then swim free-style to the centerfield flagpole.

3. There will be a massing of the life insurance agents in the stands, and cheap, sound policies outlined over the loudspeakers.

4. A sailing race for star class boats.

And, as a finale, the game will be called off and all fans in the stands given rain-checks, entitling them to one free observation by an alienist selected by Judge Landis.

3 IN PLACERVILLE ARE HONORED AT DIOCESAN CONVENTION

Three Placerville residents have been given prominence in diocesan affairs at the annual convention of the Sacramento diocese of the Episcopal church, currently in session at Eureka.

J. G. Leonardo has been elected to the executive council of the diocese; Mrs. Rex A. Barron has been named delegate to the provincial synod, meeting at San Jose on May 3rd; and Mrs. Agnes Ailman has been appointed secretary for the diocesan Council of Church Women.

This is according to a special message to this newspaper Thursday morning from the diocesan secretary.

Albert Rupley on Thursday brought suit against George Tuman to restrain the defendant from exercising any control over 75,000 feet of lumber of various types and grades, located at what is known as the Bradbury & Tuman sawmill. Plaintiff avers that the defendant claims some interest in the lumber and prays that he be restrained from exercising any control over it until his claims are established.

HEALTH BILL FIGHT BEGUN

Farmers, Business Men And Some Doctors Oppose Insurance Plan

SACRAMENTO, (U.P.)—Fate of the administration's compulsory health insurance bill, providing for hospitalization and care of all workers in the state earning less than \$3000 per year, rested with the assembly unemployment committee today as unemployment relief action broke on several fronts.

Disposition of the health insurance measure will be determined at an executive session of the committee next Tuesday night. Arguments for and against the plan—urged by Gov. Culbert Olson as a major point in the administration's legislative program—were presented at a heated four-hour hearing last night.

Developments included: 1. Announcement by state relief administrator H. Dewey Anderson that more than 30,000 persons will be thrown off state relief rolls and 620 staff workers will be discharged by May 1 as an economy move.

2. Republican charges of radicalism within the SRA were answered in part with discharge by Anderson of Miss Rose Segure, \$260 per month field supervisor from Salinas, mentioned in connection with the accusations.

3. Nepotism in SRA was included in the requested data from the personnel board on married couples working for the state and its political subdivisions.

4. Reconsideration of the biennial budget may come up today or be delayed another 24 hours as all factions worked over effect of the bare majority vote given Tuesday night.

The Governor's health insurance plan, presented in the assembly by Ben Rosenthal, D., Los Angeles, provides for administration by the state department in connection with unemployment insurance. A one percent tax would be deducted from

LAUGHTER THREATENS DIGNITY IN THE KITCHEN KARNIVAL

Homecraft Institute, Opening May 3, Holds Color, Gaiety And Informality of Country Fair Combined With Homemaking Hints

With the color, carefree gaiety and informality of a country fair, Jane Barton's Kitchen Carnival and Homecraft Institute, opening Wednesday, May 3 promises to eclipse the long distance giggle record of homemakers merriment.

Don't forget! There are three meetings, Wednesday afternoon, May 3, Thursday evening, May 4, and Friday afternoon, May 5, and all meetings are at the Shakespeare clubhouse.

Three meetings of mingled pleasure and profit are assured the hundreds of homemakers who are expected at this gala event, to be held under the joint auspices of this newspaper and Pacific Rural Press.

Frankly facing the stern realities of feeding, clothing and housing families in the first and third sessions of the three days devoted to Homecraft Institute, Mrs. Barton unlooses on the second day in the evening a colorful and intriguing flood of inexpensive and frivolous recipes for having fun while running a house, and taking care of a family. How easy and inexpensive such gaiety can be upon the purse of the housewife will be explained from the stage of the Shakespeare Clubhouse by Mrs. Barton, in whose diminutive figure is packed romance and scientific knowledge which blend together in making modern homes the comparatively carefree enterprise they are today.

Mrs. Barton will answer the question as to whether a homemaker needs to be a slave or can be a master of her craft. Not only in the kitchen, but in every part of the home Mrs. Barton leads her enthralled audience deftly and swiftly through the maze of red tape to the shortcuts of easier and better homemaking. Here are some of the intriguing things Mrs. Barton will discuss, in explaining how to make homes and to please families:

1.—The homemakers' appearance—how it can be improved by advantageous selection of clothes, and attention to simple details that make for charm. A part of each session will be devoted to secrets of personal charm.

2.—Mastery of routine in the household. Under this head, Mrs. Barton will discuss simple methods of obtaining order and efficiency in the kitchen. She will show her audiences how to plan meals by the week, how to buy by the week, and how to maintain an easy, accurate, continuous food inventory.

3.—Unnecessary steps that can be omitted; speedy and efficient shortcuts; simplifying cooking methods; quick and efficient methods of cleaning; how to buy what is best for specific needs.

4.—The magical effect of delicious food. The ways of maintaining a sense of humor, and a discussion of the pleasure and superiority of being in a calm, and rested homemaker.

5.—Mrs. Barton will also discuss democratic forms of family government, comparing it to the basic democracy of the nation.

6.—Ways of making homes comfortable and artistic, economically. Mrs. Barton will also give a special demonstration of homelighting, showing how to select lights for beauty and utility. She will explain what "black" light is and give her audiences an easy yardstick by

CANADA HUNTS STRANGE "SUB"

Dominion Naval Patrol Established; U. S. Pacific Squadron Sails for Panama

OTTAWA, Ont., (U.P.)—Naval patrols have been established off Halifax harbor to investigate reports that a mystery submarine or submarines are in that vicinity, defense minister Ian Mackenzie announced today.

Naval authorities, Mackenzie said in a statement, have been unable to confirm the presence of an unidentified craft as reported by fishermen and sailors to have been seen cruising in the North Atlantic.

The submarine had been sighted by three ships' pilots, by fishermen, and by the crew of a freighter. It was last sighted in Halifax harbor which, during the world war, was the chief center for shipments of munitions and other war materials to Great Britain from the North American continent.

Pepper Picks a Pip

One of the best-dressed men in the senate, Claude Pepper of Florida, makes quite a ritual of selecting his Spring bonnet. He selects a snappy felt model, but the number is too small for the Pepper head, or maybe it is the Pepper head which is too large for the little bonnet.

SCHOOLS WEEK OPENS MONDAY

Three Public Programs Will Mark Observance In El Dorado County

Observing California Public Schools Week, civic programs will be held in three school houses of the county during the week opening Monday.

Chronologically, Diamond Springs school will be the scene of exercises in which several schools will unite on Monday night; on Wednesday afternoon and evening, there will be an "open house" and program at the Placerville Grammar School, and on Thursday evening there will be an "open house" and program at the county high school auditorium.

Two distinguished speakers will participate in the week's programs: Warden Clyde Plummer, of Folsom State Prison, being scheduled to speak at Diamond Springs, and Dr. J. B. Lillard, president of Sacramento Junior College, who will address the Thursday night meeting at the high school.

The program at the Diamond Springs meeting will present the pupils of several schools of the western section of the county in a series of songs, recitations and plays prior to the introduction of Warden Plummer.

Placerville Grammar school will hold an "open house" on Wednesday afternoon from 2 o'clock until 4 o'clock during which it is hoped parents and patrons of the school will visit the building to inspect the classroom work of pupils, which will be on display.

The building will be opened at 7 o'clock Wednesday evening for another "open house" period which will be followed at 8:15 o'clock by a program in the school gymnasium which will include the following:

Remarks by principal John H. Palmer; a play by the second grade; selections by the kindergarten rhythm band; selections by the intermediate orchestra and by the advanced orchestra, directed by Miss Laura Ball; a play by the sixth grade classes of Miss Inez Veerkamp and Miss Kathleen Richardson; selections by the seventh and eighth grade chorus.

The exercises on Thursday night will begin at 8:15 o'clock at the conclusion of an "open house" period opening at seven o'clock.

In addition to the address by Dr. Lillard, there will be a short program of numbers by the high school orchestra directed by Charles W. Ball, selections by the high school girls' glee club, directed by Miss Beatrice Ramm; and numbers by the grammar school orchestra, led by Miss Laura Ball.

The classroom work of pupils will be on display throughout the building and the opening of the concert by the high school orchestra will be the call to signal visitors in the building the opening of the formal evening program.

The Public Schools Week observance in the county has been arranged by a committee including School Superintendent Kenneth W. McCoy, High School Principal B. E. Larson and Grammar School Superintendent John H. Palmer.

Mr. and Mrs. B. F. Walker of Marysville and Mr. and Mrs. J. B. Walker of Pocatello, Idaho were here Thursday, visiting with their son and brother, Roy Walker. The entire group plans a trip to the World's Fair in San Francisco next week before the visitors from out of state return home.

TEN YEAR PACT HELD "ABSURD"

Mussolini Denounces Roosevelt Proposals; Nazis "Heil" Hitler

By UNITED PRESS

Europe today: BERLIN—More military conscripts called for examination as big military parade with over-size anti-aircraft guns marks Hitler's 50th birthday.

PARIS—Britain and France understood to have informed Russia they are ready to enter a three-power military assistance pact, which would revive the old pre-war triple alliance.

ISTANBUL—Newspaper says Turkish-British anti-aggression negotiations have been completed.

PROPOSAL "ABSURD" ROME, (U.P.)—Premier Benito Mussolini denounced as "absurd" today a system of 10 year reciprocal guarantees as proposed by President Roosevelt and intimated that there must be further revision of the "pyramidal errors of geography" embodied in the post-war treaties.

In his message, President Roosevelt proposed a guarantee of at least 10 years and possibly 25 years by Italy and Germany against aggression.

Mussolini said Italy and Germany want peace but rejected the President's proposal for a general disarmament and economic conference, declaring that Italy distrusted "arch conferences." In such a conference, he assumed ironically, the United States would "limit itself to its customary role of distant observer."

SUPPLIES BUREAU LONDON, (U.P.)—Prime Minister Neville Chamberlain announced in the House of Commons today Britain's latest important step toward war preparedness—creation of a ministry of supply. The ministry would take war stores and would be responsible for the purchase and the maintenance of reserves of essential metals and other raw materials for defense.

The new minister will be Leslie Burgin, liberal national, who will have full cabinet rank.

Cougar Netters Play Saturday

Journey To Sutter Creek For Windup Of Practice Series Of Matches

The Cougar tennis squad goes to Sutter Creek Saturday for the last of a series of practice matches before the start of title play. On last Saturday, the racquetballers suffered their first defeat of the year at the hands of the Placer Junior College team, at Auburn. The match score was 7-2.

However, the match was not as unbalanced as the score indicates and the Cougars put up a good fight and, as will be noted in the individual scores, offered plenty of opposition.

In the singles, Dick French defeated Jim Thorne, 2-6, 7-5, 6-4 while Jimmy Neely won from George Bingham, 7-5, 6-2. Marks defeated Don Cosens, 8-6, 6-4; Rood defeated Wally Meyers, 6-4, 6-4; Garden defeated Don Thomsen, 6-2, 6-0 and Owen defeated Bob Weidman, 6-0, 6-0.

In the doubles, Bingham and French won from Thorne and Neely, 6-3, 6-4; Meyers and Cosens defeated Garden and Owen, 8-6, 6-2; and Marks and Rood defeated Piske and Thomsen, 6-3, 6-2.

Pastures And Ranges In Poor State

SACRAMENTO—In only three of the last 17 years has the April 1 condition of California pastures and ranges been as low as at that time this year, says the Federal-State Crop Reporting Service at the State Department of Agriculture.

The reported condition of cattle and calves on April 1 was reported as six points below the average at that time last year. Stock cattle are in good condition. A calf crop higher than average is expected in producing areas.

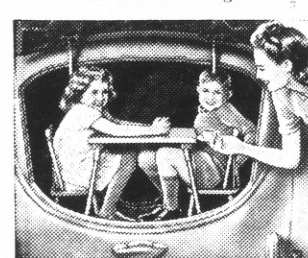

Sheep and lambs in the late lambing areas of the north coast and in the Imperial Valley are reported in good condition. Those in important early lamb areas of the central valleys are only fair, due to the unsatisfactory development of many early lambs.

PUBLIC NOTICE

Attention City Residents

The owners or tenants of city residences who have weeds or other refuse to burn as a result of the Spring cleaning of their properties are requested to attend to the burning immediately.

Owing to the lack of rainfall during the past winter, we can anticipate a dry season longer than usual this year, with consequent increased fire hazards.

If residents will attend to their outdoor burning immediately, it will be to their convenience and will assist materially in reducing the grass or rubbish fire hazard in the community during the summer season.

City regulations against outdoor burning will be put into effect within the next few weeks.

MARK TETRAULT, Fire Chief.

"LINDY" VISITS "F. D. R." AS WIFE, FAMILY SAIL FOR U. S.

WASHINGTON, (U-P)—Col. Charles A. Lindbergh today gave President Roosevelt a first-hand report of his observations of foreign air strength which are credited as an important factor in the current expansion of U. S. air power.

The flier was expected to discuss his projected survey of U. S. air research facilities with Mr. Roosevelt, in addition to reporting on foreign developments.

While indications had been that the survey would require only a few weeks at most, Lindbergh's stay in this country may be more extensive than was first supposed.

At Le Havre, France, it was revealed that Mrs. Lindbergh, accompanied by her two children and a nurse, had embarked on the liner Champlain, sailing for New York today.

EGBERT BOUND OVER FOR TRIAL ON MURDEROUS ASSAULT CHARGE

Clifford Egbert, 23, was bound over for trial in the Superior Court on a charge of assault with intent to commit murder following a preliminary hearing Thursday morning before Justice of the Peace T. F. Lewis. Bail was set at \$2,000 cash.

Egbert was taken into custody on the night of March 4 following a shooting affray at the home of the mother of his wife, Mrs. Thelma Egbert, in which Mrs. Egbert suffered severe wounds in her back from a shotgun charge fired by Egbert.

The defendant subsequently fired the gun twice at himself, inflicting the first time superficial wounds on his chin and nose, and the second time badly lacerating one side of his head from the lower jaw through the ear.

Egbert was represented in the preliminary hearing by Attorney C. W. Pearson and did not take the witness stand himself. Deputy District Attorney Robert E. Roberts represented the People.
